The DefinitySM Health Savings Account (HSA) high deductible health plan (HDHP) is designed to comply with IRS requirements so eligible enrollees may open a Health Savings Account with a bank of their choice or through OptumHealth Bank, Member of FDIC. "Definity HSA" refers generally to the DefinitySM HSA product, which includes a HDHP, although at times "Definity HSA" may refer only and specifically to the Definity Health Savings Account, provided in conjunction with OptumHealth Bank and not to the associated HDHP. UnitedHealthcare's DefinitySM Health Reimbursement Account, or HRA, combines the flexibility of a medical benefit plan with an employer-funded reimbursement account.
